from the D^r Superintendent of Police, Coimbatore.

SUBJECT.

Rent of the Police Station at Hunningpet.

The Police Station at Hunningpet is built by the Madras P^y (2) for railway purposes, & a rent is paid therefor by Govt at Rs 16-8-7 per mensem being $7\frac{1}{2}$ p.c of the Capital Cost, as accepted in Foreign Dep^t letter dt. 2056-D-17 the 25th June 1895.

Two wooden shelves & 1 measuring stand are required at this station & the P^y (2) estimate the cost at Rs 25/- Stated they have asked to provide these, $7\frac{1}{2}$ p.c of the Capital Cost, viz Rs 1-14-0 per annum or 2 annas 4 p^{as} per mensem which have to be paid as rental increasing the rent of the Police Station from Rs 16-8-7 to Rs 16-11-1 a month or Rs 200-5-0 per annum. It will be seen from Foreign Dep^t letter dt. 2666-Sub (15) dated the 22nd August 1910 that the Resident

is authorized to sanction payment
of rent on lands & buildings leased by
Govt. up to a limit of Rs 144 per annum,
& the increase of the rent would then seem
to require the sanction of the Govt. of India.
The matter is too small to make a reference
to the Govt. of India - If shelves & measuring
stand are very necessary required, they
can be provided by Govt. itself the cost (Rs 25)
being met from the budget provision in which
perhaps the shelves may be dispensed with
the Govt. may be consulted & if approved
submitted for favour of order.

11. Please see paragraphs 6 to 7 of note to request shelves these should be provided by the P. W. Dept when they are required for buildings constructed by that Dept. Article 98. (4) of the Civil Account Code Vol. I. As the Railway Co. built the P. W. Station & receive rent therefor, their claim to provide the shelves & increase the rent in consequence seems to be reasonable. The P. W. Dept are of the opinion that the increasing amount

cannot be classed as furniture & wish to provide it themselves for the Working Jet Miss station, & enhance the rent for the station proportionately. It is doubtful whether the measuring stand forms a ~~portion~~ fixture of a building within the scope of article 8 (b) of the Civil Tenants Code. If necessary, the point may be referred for the opinion of the Tenant's General.

The technical objections made by the Railway could be got over by providing the Brompton Station with a base or an alomrah instead of a fixed shelf, and by marking on the station wall measurement up to 7 ft or so, divided into inches & feet for use instead of supplying a measuring stand. SIR,

Sl 4

With reference to your letter No.5592 dated 17th
 September 1910, I have the honor to inform you that the
 Agent of the Madras and Southern Mahratta Railway Company.
 does not agree to the proposal of the shelves and the measur-
 ing stand being supplied to the Police Station at Bowring-
 pet at the cost of Government, subject to subsequent re-
 covery of 7/10ths of the cost from the Railway Company. He
 considers that the shelves are fixtures and the measuring
 stand cannot be classed as furniture. He accordingly main-
 tains that the procedure proposed by him, viz of the
 articles being supplied at the cost of the Company with a
 proportionate increase in the amount of rent, is the correct
 one. In these circumstances, there seem to be open only
 two courses for us to follow:

(1) to call upon the Railway to supply the articles at
 their cost and to have the rent of the Police Station pro-
 portionately increased; or

(2) to have the articles supplied at the cost of Govern-
 ment

(59)

Government, without preferring a demand on the Railway Company for the 7/10ths of the amount.

2. If the Resident is not prepared to sanction the procedure referred to in (I) above, I should be obliged if a reference could be made to the Accountant-General about (2), as the non-recovery of the 7/10ths of the cost would, it seems to me, be repugnant to the orders of the Government of India on the subject.

SIR,

I have the honour to address you on the subject of the rental charge due on the police Station and lock-up at the Bangalore City Railway Station.

S.10 2. In your letter No. 7786 dated 21st December 1910, sanction was accorded for the enhancement of the rent on these buildings up to Rs. 14-12-8 per mensem on account of certain improvements effected to them. Based on the actual outlay, however, I now understand the monthly rent to be only Rs.14-11-7.

3. As the police station was too small the Railway authorities were addressed in 1910 to enlarge by the addition of two new rooms one for the use of the station writer and the other for a record room. The rent for these additions is said to be Rs. 4-3-10 per mensem, which would bring the rent on the building to Rs. 18-15-5 a month.

SIR,

S. 20 Referring to the correspondence ending with your
 letter No. 6616 of 24th October 1913, accepting the enhance-
 ment of the rent for the Police Sub-Inspector's quarters at
 the Bangalore City Railway Station by Rs. 1-5-7 per annum,
 I have the honour to state that the District Engineer is
 said by a mistake to have advised the cost to amount only
 to Rs. 60/- instead of Rs. 160/-. The actual expenditure on
 the work is now reported to have been Rs. 190/- and on
 this amount the enhancement of rent would be Rs. 14-4-0 per
 annum. As the share payable by Government on this amount
 is Rs. 4-4-5 per annum instead of 1-5-7 as originally
 sanctioned, I have the honour to request the favour of the
 Hon'ble the Resident's sanction therefor.

2. Copy of the letter from the Agent of the Madras
and Southern Mahratta Railway Company is enclosed.

3. I would further request that the sanction of the
Hon'ble the resident may be communicated to the Accountant

Providing ceiling tiles to the Sub-Inspector's
quarters at Bangalore City.

Referring to correspondence ending with your letter
No.915, dated the 29th October 1913, I have the honour to inform
you that the above work was estimated by the District Engineer
to cost Rs. 160/- but in his letter No. A.31/33, dated the 25th
September 1913 you were, by mistake, advised that it would cost
Rs. 60/- only, instead of Rs. 160/-.

The actual expenditure incurred on the work was Rs.190
vide estimate enclosed - and this enhances the rent of the
quarters by Rs. 14-4-0 per annum, of which the share payable by
Government is Rs. 4-4-5 per annum, and I shall be glad if you
will communicate your acceptance of the same.

In the estimates for these works, provision is also made for putting up lights in the portions of the buildings occupied by the Police Department, namely one light at Cantonment Railway Station and 4 lights at the City Station. The Railway Electrical Engineer states that the annual rental charges for these installations, calculated on the estimated expenditure, will be Rs. 2-3-10 and 28-4-2 approximately and that these figures will be revised after the completion of the work, based on actual expenditure.

2. It is understood that another factor that has to be taken into consideration in this connection is that free accommodation has to be provided for police stations and lockup in station platforms and that rents will have to be charged from

Copy of letter No.T.M.23-1-2260, dated the 30th April 1920, from the Accountant-General, Madras, to the Accountant-General, Railways, Simla.

I have the honour to address you in regard to the enhanced rate at which rent should be paid to Railway Companies by the Madras Police Department on the capital cost of permanent buildings, incurred subsequent to 31st March 1918.

2. In Railway Board's letter No.720/W-18, dated 10.7.1919, it is clearly mentioned that the enhanced rate of rent to be levied is shown as only 8.8%. The Agent, Madras & Southern Mahratta Railway Company, on the other hand, has, however, been contending in his correspondence with the Inspector-General of Police, Madras, that the intention of the Railway Board is that an all round increase of 1.5 per cent. on the existing rate should be made on ~~dividend~~ individual railways and that as the existing rate in his Railway is 7½% the increased rate amounts to 9%. In support of the above contention, the Agent, Madras & Southern Mahratta Railway, has forwarded a copy of letter No.720-W-18, dated 19.11.1919, from the Secretary Railway Board, to his address (not communicated to this office) and I enclose a copy of this letter for your information.

see 1/
172/19

3. As it was not quite clear whether this later letter dated 19.11.1919 from the Secretary Railway Board, was intended to rescind the Railway Board's earlier orders of 10.7.1919 quoted in paragraph 2 above, I referred the matter demi-officially to the Government Examiner of Accounts, Madras and Southern Mahratta Railway,

see 1/
172-6/15

but

but the officer has replied that the Police Department will have to pay only the enhanced rate of 8.8% on the capital expenditure, subsequent to 31.3.1918 while for the previous capital expenditure it will be 7½% only as hitherto.

4. As the question is not quite free from doubt, I have the honour to solicit the favour of your opinion as to exactly what enhanced rates of rent are payable by the Police Department in Madras to the South Indian & Madras & Southern Mahratta Railways, in respect of capital expenditure incurred subsequent to 31st March 1918.

Copy of letter No.131/Revenue, dated the 28th May 1920, from the Accountant-General, Railways, Simla, to the Accountant-General, Madras.

With reference to your letter No.T.M.23-1-2260, dated the 1st May 1920, enquiring as to what enhanced rates of rent are payable by the Police Department in Madras to the South Indian and Madras & Southern Mahratta Railways in respect of capital expenditure on permanent buildings incurred subsequent to 31st March 1918, I have the honour to state that under the concluding portion of para 1 of the Railway Board's letter No.720-W/18, dated the 19th November 1919 to the Agent, Madras & Southern Mahratta Railway, the charge in question is limited to 8.8%.

SIR,

The District Magistrate, C & F Stn, Bangalore.

I have the honor to state that an estimate has

been obtained from the Railway authorities for installing electric lights at D. Inspector's quarters at the Bangalore City Railway Station. The estimate amounts to Rs. 525/- for which the Railway Company propose to charge a monthly rate of Rs. 5-6-3 on account of interest on the outlay, maintenance and depreciation charges. As these charges are leviable on the actual and not on the estimated expenditure, the Agent will be addressed to intimate the exact amount, after the work has been completed. In the meantime, permission is requested to ask the Agent to put the work in hand.

2. A further sum of Rs. 2-11-6, the Agent says, is payable on account of cost of electric current, but this amount is payable by the Inspector himself.
